## High-tech Gadget Matching Game

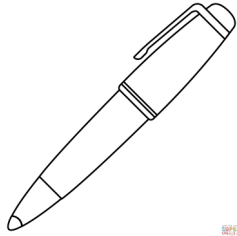

### K9 Tracker

Using a zoomable hologram display, Secret Service canine locations are shown.

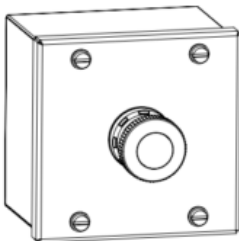

### Laser Watch

Using the watch's knob, a targeting laser can be used to cut through any medium.

### Lock Picking Pen

Emitting a formable epoxy, the pen creates keys to open any lock.

### Holo-Box

Pairing with a target, a hologram display mimics a structure for disguise.

### Stealth Mini-Drone

Disguised as a dragonfly, this remote controlled mini-drone sends live video.
